

## MITIGATION STRATEGY WORKSHOP

8/8/16

DeWitt County is sponsoring a Mitigation Strategy workshop in conjunction with development of a countywide FEMA Hazard Mitigation Plan, or *Plan*. The Planning Team includes unincorporated DeWitt County, the Cities of Cuero, Nordheim, Yorktown, and the DeWitt County Drainage District. The goal of the Plan is to minimize or eliminate the long-term risk to human life and property from known hazards. Upon FEMA approval of the Plan, Plan participants are eligible for certain FEMA Hazard Mitigation Assistance (HMA) grant funds to implement cost-effective mitigation projects. LAN Engineering, project consultant, will facilitate the meeting.

Participation by community officials and key department personnel is critical to the project's success; therefore, please make every effort to attend this important meeting.

A public meeting will follow at 6:00 p.m.

---

**DATE:** Wednesday, August 17, 2016  
**TIME:** 3:00 – 4:30 p.m.  
**LOCATION:** City of Cuero Council Chamber  
212 E. Main Street
