

PROCEDURES

For Obtaining Permit(s) For Development in DeWitt County Flood Plain

For Property Owners or Operators in the DeWitt County Flood Plain that wish to make any substantial development to their property, must obtain a permit(s) to be in compliance with the DeWitt County Flood Damage Protection Court Order.

In order to obtain Permit(s) for such Development, the following must be presented to the Flood Plain Administrator:

1. A completed ***Development Permit Application*** Form.
2. A detailed ***Scale Drawing*** of what development is being proposed on the property.
3. A ***Certified Engineers' or Architects' Study Report*** as to what affect the Development would have on a 100 year flood in or near this Development and the surrounding areas.
4. Any applicable information listed in **SECTION C. PERMIT PROCEDURES** of the aforementioned Flood Plain Court Order.

***The DeWitt County Flood Damage Prevention Order
and the Development Permit Application Form
are available at [www.co.dewitt.tx.us]***
