

2019 Water District Rollback Tax Rate Worksheet

Rollback Tax Rate Eceto Water District

The rollback tax rate is the highest rate the water district may adopt without authorizing qualified voters to petition for a rollback election. The rollback rate is the current year's debt service and contract tax rates, plus the maintenance and operation (M&O) rate that would impose no more than 1.08 times the amount of M&O tax imposed by the water district in the preceding year on the average appraised value of a residence homestead in the water district. The average appraised value disregards any homestead exemption available only to people with disabilities or those age 65 or older.
