****By registering in STEAR you are consenting to sharing your information with first responders and other state agencies during a disaster. ****

Please understand that the Emergency Assistance Registry assists emergency officials in planning for emergency events. Having your information helps to determine what kinds of services might be required during a disaster and helps responders plan and train more effectively. Communities use the information in different ways, so realize that having your information in the registry **DOES NOT** guarantee that you will receive a specific service during an emergency. Registration is not a substitute for developing and maintaining your own family disaster plan.
