*****ABOVE FOR COUNTY USE ONLY*****

DE WITT COUNTY PIPELINE PERMIT

(for purposes of Natural Gas, other Hydrocarbons, or Produced Water)

☐ NEW APPLICATION OR ☐ AMENDMENT OF AN APPROVED APPLICATION

ON THIS THE _____ day of _____, 20____, the undersigned _____ "Company", does hereby make application to use the hereinafter described lands belonging to De Witt County, Texas, for the purposes of constructing, maintaining, operating or repairing mains or lines for: **the transportation of natural gas, other hydrocarbons, or non-potable water produced from hydrocarbon extraction (also known as "produced water" or "saltwater")** beneath said lands as shown on plat attached hereto and made a part hereof.

In consideration of the applicable amount(s) stated below to be paid by the Company:

(1) a FIVE HUNDRED (\$500.00) application fee, and further consideration of: (a) TWELVE DOLLARS (\$12.00) PER LINEAR FOOT or any part thereof for any part of a crossing exceeding fifty (50) feet; and (b) TWENTY-TWO (\$22.00) PER LINEAR FOOT or any part thereof for which the pipeline shall run parallel to the county road within the county right-of-way; plus (c) a FIVE THOUSAND (\$5,000.00) Penalty Fee if said pipeline has been installed prior to this application being presented to, and approved by, De Witt County Commissioners Court; or

(2) TWO HUNDRED FIFTY (\$250.00) for any amendment to the original application during the 90-day construction term limitation; and

(3) the Commissioners Court granting permission to make use of the lands described above for the aforesaid purposes, the undersigned Company agrees that such use shall be subject to the following terms, covenants, and conditions, to-wit:

I.

No main or line shall ever be laid or maintained by the Applicant in such manner as to interfere with the construction, maintenance or repair of roads, (STATE or COUNTY) and in the event it shall develop, that any main or line hereafter to be laid by the Applicant which in any manner interferes with the construction, maintenance or repair of any existing road (STATE or COUNTY), because of the depth at which the same has been laid, or for any other reason, the Applicant, upon request of the Commissioners Court, so to do, shall promptly change or alter, at Applicant's sole expense, such main or line, in such manner that the same will no longer interfere with such construction, maintenance or repair.

II.

It is understood that no main or line shall ever be laid by Applicant in such a way or manner as to interfere with traffic, so as to interfere with any drainage now or hereafter to be affected on or along such road and that no main or line shall ever be laid or maintained by the Applicant in such a way as to constitute a danger or hazard, or to become a nuisance of any kind to anyone using any road or living in the vicinity thereof.

III.

The Applicant further agrees that it shall in no way enter upon any property hereby affected for the purpose of constructing, laying or repairing any main or line now existing or hereafter to exist unless it shall have first submitted to the Commissioners Court of De Witt County, plans, sections and such description of construction, laying, maintenance or repair, as to fully describe the same.

IV.

It is further understood and agreed that all lines crossing any County Road shall be either jacked, bored or driven under surfaced portion of the roadway; and that the section of line placed through boring shall extend the full width of the surfacing; and that all pipelines under such roads shall be placed through an iron or other approved casing of approximately two inches larger in diameter than the pipeline; or, as an alternative to casing, Applicant may install a heavier walled carrier pipe beneath the roadway; provided, however, that in either instance the installation shall meet all the requirements of the Department of Transportation as set forth in Title 49, Code of Federal Regulations, Part 192, and/or those same regulations as adopted by Texas Railroad Commission and any other regulations promulgated by the Texas Railroad Commission under the authority of V.T.C.S. Art. 6053-1; and provided further that the County Commissioner in whose precinct the crossing is being made, with the concurrence of the Commissioners Court, may require that the carrier pipe be cased beneath the roadway when in his opinion the best interests of De Witt County would be served thereby. Said pipeline shall have at least forty-two (42) inches of cover unless special permission to the contrary is obtained from the Commissioners Court of De Witt County. Said pipeline crossing shall be placed within 10 Degrees of Perpendicular (80° to 100°) to the roadway.

V.

The Applicant further agrees, in connection herewith, to save and hold harmless the said County against any and all liability that it may have or appear to have to any person whomsoever by reason of any act or thing that Applicant, its agents, servants, employees and contractors may do or cause to be done in the premises.

VI.

In consideration of the granting of the privilege hereby petitioned for, Applicant agrees that whenever it shall in any manner damage any County Road or other structure by reason of any operation hereunder, it will immediately, at its own expense, restore the same to the condition that the same was in before the damage took place. Applicant further especially agrees that whenever the County Commissioners Court shall notify it in writing that it, its agents, servants, employees and contractors have damaged any road, or other structure, Applicant will commence the restoration thereof, in accordance with the terms hereof, within forty-eight (48) hours after the receipt of such notice, and prosecute such restoration to completion, diligently and continuously, and that in the event of its failure in such event to begin such restoration or repair within the time aforesaid, or in the event of its failure to therefore prosecute the same to completion, diligently and continuously, the Commissioners Court or its representative of said County, may take over the making of such restoration or repair with County employees, or through a private contractor, and complete and effect such repair or restoration at the expense of the Applicant and that the action of the County Commissioners Court, or its representative, in making such restoration or repair shall be binding upon the Applicant, and such Commissioners Court estimate or statement of the cost and expense incurred in making such repair or restoration shall be final, conclusive and binding upon the Applicant.

VII.

It is further agreed that in the event Applicant enters upon any property hereby affected for the purpose of construction, laying or repairing any main or line of Applicant, now existing or hereafter to exist, in connection

with any State road or highway, that Applicant shall comply with all conditions and requirements of the Texas State Highway Department or its authorized representative with reference to any matter pertaining to any such purposes.

VIII.

Applicant shall give the Commissioners Court of De Witt County, with reference to a County Road, and the Texas Department of Transportation (“TXDOT”), with reference to State Highway, twenty-four (24) hours notice prior to the time of beginning of any work with reference to any such road or highway.

IX.

It is further agreed that the order of the Commissioners Court granting this application shall be and does constitute acceptance on the part of the County of the offer hereby made, and said order and this application shall constitute a contract between the parties hereto their heirs, assigns, representatives and successors according to the terms hereof.

X.

This application for pipeline permit shall expire NINETY (90) DAYS after its approval by the Commissioners Court and recording in the Commissioner Court Minutes of De Witt County, Texas. If an approved permit requires amendment for any reason, the Amendment Fee of \$250 will be required. A new application and fee will be necessary if a pipeline was previously approved, but not installed within the 90-day term limitation.

IN WITNESS WHEREOF, the Applicant has caused this instrument to be executed on this the ____ day of _____, 20 ____.

After approval the fully executed permit should be returned to:
